CAREER OBJECTIVE

Motivated Computer Science Engineering fresher with a strong interest in Web Development. Skilled in building responsive and user-friendly websites using Frontend and basic backend technologies. Seeking an entry-level Web Developer / Software Engineer role where I can apply my technical skills, learn modern web technologies, and contribute to developing efficient and scalable web applications.

EDUCATION

B.Tech – Computer Science & Engineering

Kalasalingam University, Tamilnadu, Virudhunagar | 2022 – 2026

CGPA:6.64

XII (Higher Secondary) – State Board, Tamil Nadu | 2021 – 2022

68%

X (Secondary School) – State Board, Tamil Nadu | 2019 – 2020

60%

TECHNICAL SKILL

- **Programming Languages** : Python, Java
- **Web Development** : HTML, CSS, JavaScript, React.js, Tailwind CSS
- **Database** : SQL
- **Others** : MS Excel, GitHub

PROJECTS

Course Institute Website

- Developed a responsive training institute website using **HTML, TailwindCSS, and JavaScript** with features like course listing, syllabus popup, student reviews, and a contact form.

Food Ordering System

- Developed a responsive food ordering web application with dynamic menu display and cart functionality.
- Managed menu data using a centralised **assets.js** file and implemented dynamic rendering with **React Hooks**.

- Designed reusable components for menu items, cart, and checkout to ensure scalable and maintainable code.

RFID-Based Medicine Dispenser

- Built an IoT-based automated medicine dispenser using **ESP8266** and **RFID**; enabled time-based dispensing and cloud data logging.
- Tested and validated system for accuracy and reliability; built a **React.js** dashboard for user interaction and system tracking.

CERTIFICATIONS & ACHIEVEMENTS

Certifications

- Design and Analysis of Algorithms – CodeChef
- Python Certificate – Simplilearn
- Java Certificate – Udemy

Achievements

- **IEEE COMM Hack 2026 – 3rd Prize** | Secured 3rd Prize in the IEEE COMM Hack 2026, a 24-hour hackathon organized by the IEEE Communications Society student branch at Kalasalingam Academy of Research and Education.

RESEARCH & PUBLICATIONS

- **RFID-Based Individual Medicine Dispenser with Cloud Integration and AI-Driven Health Assistant**

Authors: *Dr. D. Balakrishnan, Uday Prakash B, Meka Jahnavi, Mettupalli SunkiReddy Hamsika, S. Sanjay*

Accepted at IEEE 5th International Conference on Communication, Computing and Electronics Systems (ICCCES 2026) **Jan 2026**

PPG Institute of Technology, Coimbatore, India | **Paper ID: ICCCES-999**

- Contributed to system testing, validation, and performance evaluation
- Worked on IoT-based medicine dispensing using **RFID** and cloud integration
